## Jigsaw

Year 1 in a Jigsaw lesson we were talking about how to achieve our goals step by step. Jigsaw Jack gave us the challenge of making a jam sandwich and we discussed how to achieve the goal. We then talked about other goals we had such as getting better at reading or swimming and how we could achieve them using the step by step approach.

## Local History

Today we explored the footprint of Concangis. We found the stones with Lewis holes that were recycled from the fort to build the church, we visited the officer's headquarters and walked along Cong Burn to see where it joins with the River Wear and created a natural defence for the Roman Fort. We also looked at a modern map to see which parts of our school are built in topic the original footprint! So exciting to witness history in our local area and playground!
