Character Education

Media Room

In geography we have been completing a carousel of activities in the media room. We have read information about County Durham and answered questions based on what we have read. On iPads we have completed quizzes; one recapping our knowledge of the continents and oceans and one quiz reinforcing our knowledge of technology in the local area. Finally, we have used bee bots to plan new routes.

Character Education

Science

In science we have been learning about our skeletons. The children have made their own skeleton puppet.

Character Education

Out and About!

The children found loads of technology in our local area this morning. We had some fantastic discussions about the usage of technology. It would be great to hear what technology they can see closer to home!

Character Education

Story Time

In year 5 our end of day story is extremely interactive. Children have the opportunity to follow along with their own copies, read aloud to the rest of the class and share their opinions or ask questions on our class display. We are loving reading Charlotte's Web by E.B White

Character Education

Science Hub

We have been finding out about the amazing powers of pine cones and dissecting them.

Character Education

English

In English we have been learning about conjunctions and how to use them to join sentences. Today, we wrote our own sentence then tried to join them to someone else's sentence using: and, but, so.

Character Education

Art

In art we looked at shading and tone. We practiced using a shading grip with our pencil and changing the pressure to get darker and lighter shades.

Character Education

Outdoor Maths

Great outdoor maths. We worked in pairs to solve problems related to the value of numbers.

Citizenship

Peer to Peer

We welcomed pupils from Park View this morning who shared their ideas for books they are planning to design and make. The class gave them lots of feedback and are excited to see them again further into the year.

Media Room

Geography. We were working in the Media Room. We used the Talking Tins to identify and describe human and physical features in our local environment for our friends to locate on the map.

Character Education

Art

Year 6 have been very creative 'drawing with scissors'! Look at our results!

Next time we are going to use these ideas to produce some magical rainbow art.

Character Education

Big Book Assembly.

This story focused on friendship.

We read The Friendship Bench and had class discussions about kindness and how to help children who are sad.

PHSCE/RSE

Science

Some of our amazing safety posters!

Character Education

History

We have created our own Roman Empire timeline and have worked so hard discussing events that happened. We know some new vocabulary too!

Character Education

Music

We had lots of fun in our first Ukelele lesson with Mr Stokoe. We were strumming and singing along to the very funny song 'My dog has fleas!' .

Character Education

School Visitors

Sian from Chartwells came in today and made bread buns with the Yr 6 children. They looked and smelt lovely.

Career Education—CEIAG

Peer to Peer

Lots of excitement in Pegasus Class today - we've been paired with our buddies. We've had a lovely time with them.

Character Education

Maths & DT Shed

We will have the opportunity to go to the Invention Shed to make our own place value cards.

Character Education

Career Education—CEIAG

Book Based Assembly

Book based assembly. This week as it is National Coding a week we learned all about Ava Lovelace, the very first computer programmer!

Mental Health & Well Being

Pantomime

What a lovely treat - watching a fabulous performance of Alice in Wonderland.

Character Education

Science

In Science we have been learning about what animals need to stay healthy. Today we have been investigating the effects of exercise on our heart and comparing how different types of exercise can make us feel.
