KING OF THE WORLD

★ THE ★

FIRST

TO

APOLOGISE

IS

THE

BRAVEST

Spiritual, Moral & Cultural
Education.

Jigsaw RE

This term we have been focusing on forgiveness. The children looked at some quotes and chose the one that meant the most to them.

I DON'T

FORGIVE BECAUSE

I'M WEAK. I FORGIVE

BECAUSE I AM STRONG

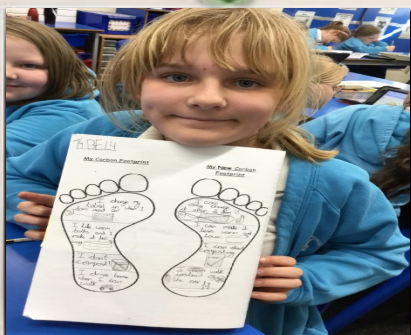

ENOUGH TO UNDERSTAND

THAT PEOPLE MAKE MISTAKES.

Spiritual, Moral & Cultural
Education.

Jigsaw RE

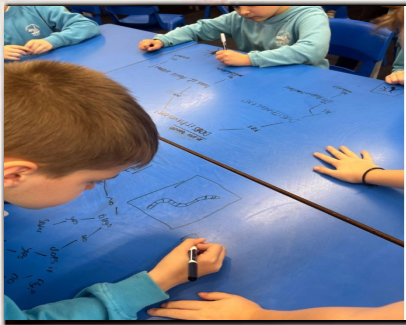

The children have chosen their favourite quote about forgiveness. They have designed a poster to illustrate this.

Character Education

Geography

Looking at carbon footprints this afternoon.

Character Education

Computing

We are making our own branching database and we are having the best time.

Character Education

World Book Day

World Book Day. We had a lovely time sharing stories in the sunshine with our Year 1 friends.

Character Education

World Book Day

The children were absolutely amazing this morning when being paired up with the nursery children. They were so caring and helpful when reading and playing with the children.

Character Education

Science

We followed a recipe accurately to make cloud dough and investigated adding extra ingredients to change the texture. Everyone tried really hard to work carefully. We are becoming so much better at keeping our equipment organised and cleaning our areas.

Character Education

Science

This afternoon we had a visit to Chester park where we explored the habitats of different animals.

Character Education

Design and Technology

DT - crafting our spaghetti truss bridges... I know what I'll not be having for tea tonight .

Scavenger Hunting

We are scavenger hunting in practical maths this morning. Fantastic work putting our knowledge of counting in scales, converting fractions, decimals & percentages, halving 3D numbers and line graphs to the test .

Character Education

Eggsplosion!

There has been eggsplosion in the science hub! We are investigating the impact of different methods of cooking the same ingredients as part of our changing materials science unit this morning.

Character Education

Science

We had a visit to Chester park where we explored the habitats of different animals.

Character Education

Maths

In Maths, our current topic is measuring so we spent our afternoon using different types of measuring apparatus to measure different objects and areas around the school. We were also lucky to be joined by some Year 6 children who helped us with our equipment.

Character Education

Computing

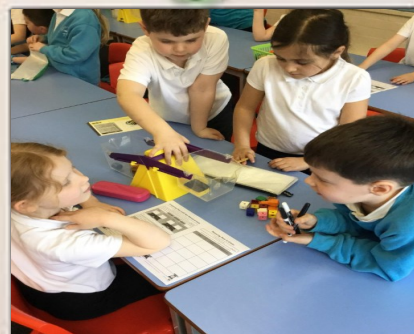

In computing we are looking at spreadsheets. Today we have been editing a spreadsheet and creating automated calculations .

Character Education

Maths

In Maths we are looking at units of measurement. Today we used scales to compare items using non-standard units of measurement .

Character Education

World Book Day

This afternoon we visited Gemini class and shared some of our favourite books with them.

Character Education

Mental Health

This afternoon we took part in a 'Piece of Mind' workshop linked to our feelings with Emily.

Mental Health & Wellbeing

Playground

We are loving our new playground equipment.

Physical Health & Wellbeing
