Physical Health & Active Lifestyles

Football

Super proud of our children who represented Cestria so well at Durham dash last night. Here are a couple of pictures as we were so busy cheering everyone on so didn't get many.

Character Education

STEM

Beamish Crane Challenge. We've have all been working exceptionally hard on our crane project over the last few weeks.

We have completed our model crane, completed our big book and filled 2 display boards with our research. We're so excited to take this all to Beamish next week and impress the engineer judges!

Character Education

Science

In science we have taken a detailed look into stages of development from embryo, to foetus, to baby, and have even compared the sizes at each stage to different fruits and vegetables .

Character Education

Mini Medics

Another mini police activity this morning! Thanks to the officers we have had such a great morning learning more about the job, the equipment, and even had time to have a go!

Physical Health & Active Lifestyles

Dance Workshop

We welcomed a dance coach into school who worked with us on a selection of dances such as: street dance; cheer, samba and rock & roll.

Character Education

Design & Technology

In DT this term we have been very busy learning how to sew. We tried ever so hard to hold and thread a needle, do a double stitch, and a running stitch to create a cushion based on the story of the Gingerbread Man.

Character Education

Peer to Peer

We were joined by some GCSE design students from Park View. They are creating an informative pop-up book as part of their coursework so paid us a visit to gather some initial research to help them with their designs..

Character Education

Outdoor Maths

What time is it Mr Wolf?

Character Education

Computing

This half-term we are looking at how to create digital images. Today we explored Impressionism and tried to create our own impressionist landscapes.

Time for Tea

A lovely morning in nursery today with some fantastic drawing and writing! The children have also really enjoyed using their imagination in the role play area having a tea party with their friends.

Character Education

What can you see?

We looked at pictures of summer and shared our thoughts of what we could see.

Character Education

Joffi Bear

This week Joffli Bear is very excited to spend some special time reading with xxx.

Character Education

Fun in the sun!

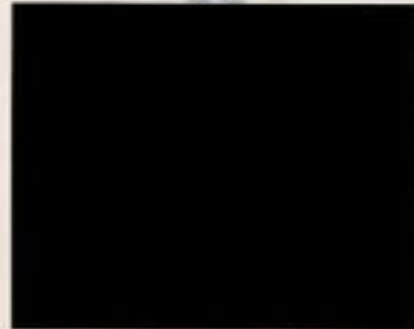

Making our own shaded areas to keep cool and having fun in the sun . What a little delight these children are, we are so lucky!

Character Education

Fun Times!

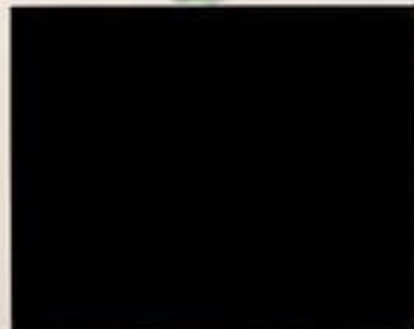

A day full of brilliant role play, shape exploration, creativity, and learning together

Character Education

Geography

Over the last couple of geography lessons we have been looking at where our food comes from. We worked out the distance travelled when importing these foods. Today we found where our school dinner ingredients come from. Using atlases and google earth, we located and labelled them on maps.

Character Education

Art

We have started our soap carvings!
Everyone is commenting on how lovely
our room smells!

Character Education

Educational Visit

We have had a great day at the Life
Science Centre. The children were all
fantastic and represented our school so
well. We were so proud of them all.

Character Education

Fun Times!

We are thoroughly enjoying exploring our new
nursery environment.

The have been so excited and are settling in
well. We are also reintroducing the use of
teacher names, which will continue as part of
our nursery routine next year too.
